

Global Patent Intelligence Data Pipeline

Following completion of the Global Patent Intelligence Data Pipeline project, upload the following documents zipped into a single file:

- A readme.txt file that contains links to your App's Dashboard and GitHub repo.
- Snapshots from your Dashboard that show key trends and visualizations, if any.
- Snapshots of the Console report generated from your script

Your GitHub repo should have the following:

Code Files

- Python scripts
- SQL scripts

Clean Data Files

- clean_patents.csv
- clean_inventors.csv
- clean_companies.csv

Database File

- schema.sql
